HIGH-PERFORMANCE ELECTROLYTES

(SODIUM, POTASSIUM, MAGNESIUM & CALCIUM)

Saba has enhanced the hydration game with high-performance electrolytes, sodium from hand-harvested Pink Himalayan sea salt, potassium, calcium and magnesium. Saba SlimGenix IQ is designed to help manage dehydration by quickly replenishing lost electrolytes. IQ also works by replacing fluid and electrolytes lost due to symptoms of dehydration.

BIOACTIVE COLLAGEN PEPTIDES:

We've included bioactive collagen peptides that can stimulate skin metabolism and counteract the loss of collagenous extracellular matrix from the inside. Consumers who ingest the Collagen Peptides experience noticeably firmer and smoother skin with fewer wrinkles. Experience healthier hair, skin and nails and significantly higher skin elasticity. With collagen peptides perform your best with improved joint support, and improved protection for your ligaments and tendons.†

GIVE YOUR IMMUNE SYSTEM THE BOOST IT NEEDS WITH OUR CUTTING-EDGE FORMULA:

Vitamins C, D, Zinc and Elderberry

Vitamin C, D, Zinc and Elderberry work together to strengthen your body's natural defenses.

Wellmune® is a patented and award-winning ingredient made from the cell walls of a proprietary strain of baker's yeast beta glucan to provide immune health benefits to arm and prime the immune system, and promote respiratory health for people of all ages. Wellmune® is widely studied in over a dozen published, peer-reviewed human clinical studies that demonstrate its ability to improve overall physical health, maintain healthy energy levels, and provide immune support for all ages and lifestyles including children, older adults, athletes, and individuals during times of stress.¹⁻¹⁷

FEEL THE BEET! WITH BEET ROOT POWDER CLINICALLY STUDIED FOR HEALTHY BLOOD CIRCULATION:

Beet Root Powder contains unique antioxidant polyphenol compounds that offer multiple clinically researched benefits including; helps lower blood pressure, increases brain blood flow¹⁹ and improves exercise endurance.²⁰

Lowers Blood Pressure: Beet powder is a naturally rich source of nitrates, which the body converts into nitric oxide, a compound that relaxes and widens blood vessels. A 2013 study published in the journal Hypertension found that drinking beetroot juice lowered systolic blood pressure (BP) in patients for 24 hours after consuming the juice.¹⁸

PLATINUM JOINT SUPPORT

SUPERIOR OVER OTHER JOINT SUPPLEMENTS!†

Curcumin C3 Reduct

CURCUMIN C3 REDUCT: (95% Tetrahydrocurcuminoids)

Curcumin C3 Reduct® is a unique, patented (U.S. PATENT #5,861,415 (1999) and INTERNATIONAL PATENT: European Patent # EP0839037 (2002)) extract of the Curcuma longa root, commonly known as "Turmeric." Turmeric has long been used in Ayurvedic medicine for centuries and is a common household remedy in India. The active constituent is known as Curcumin. Saba Platinum™ brand stands apart by using patented Curcumin C3 Reduct®, standardized to contain high concentrations of the herb's active ingredients (curcuminoids) to maximize absorption and benefits.†

Boswellia Serrata

BOSWELLIA SERRATA EXTRACT: Boswellia is a large branching tree native to India, Northern Africa, and the Middle East. The trunk is tapped for its resin, which is purified and used in herbal preparations. This resin, or gum, also contains the primary active components, boswellic acids, used in modern herbal preparations. Clinical trials have demonstrated that boswellic acids have anti-inflammatory properties. Extracts of boswellia are most commonly used for chronic inflammatory ailments. In May of 2013, the Natural Medicines Comprehensive Database indicated that boswellia extracts "can reduce pain and improve mobility in people with osteoarthritis in joints."†

White Willow Bark -
15% Salicin

WHITE WILLOW BARK

White Willow Bark comes from the white willow tree (Salix alba) which grows in North America, Asia, and Europe. White willow has a natural supply of salicin to help support joints and reduce muscle discomfort.†

Devil's Claw
(Grapple Plant)

DEVIL'S CLAW (GRAPPLE PLANT):

Devil's Claw (also called Grapple plant) is indigenous to Africa and gets its name for its eccentric hooks rooted in the fruit. Devil's claw has been widely used for joint health. A number of scientific studies have found that it can help with joint and stiffness.†

Black Cumin Seed Oil
(Nigella Sativa)

BLACK CUMIN SEED OIL (NIGELLA SATIVA)

Black seed oil is an oil that is extracted from the seeds of black cumin(Nigella sativa), a plant native to southwest Asia. One of the key components of black seed oil is thymoquinone, a compound with antioxidant properties that helps reduce the level of inflammation in blood.†

BioPerine

BIOPERINE®:

Enhances the bioavailability of various nutrients by increasing absorption so you receive the full benefits of the product.†

Vitamin D

VITAMIN D:

Vitamin D is very important for joint health. Research shows that people with low levels of Vitamin D are at a high risk of joint problems.†

Moriston Cetyl
Myristoleate

CETYL MYRISTOLEATE:

Cetyl Myristoleate, or CMO, is a fatty acid found naturally in certain animals. CMO can help with the wear and tear of the cartilage surrounding your joints to improve mobility.†

KEY BENEFITS:

- Supports Joint Health †
- Reduces Joint Discomforts †
- Improves Joint Mobility†
- Improves Anti-Inflammatory Properties†
- Improves Digestive, Immune and Brain Health †
- Supports Total Wellness †

**LIVING HEALTHY
SHOULDN'T BE
COMPLICATED**

WELCOME TO THE FOUNDATION OF YOUTH

The human body is complex and made up of trillions of cells that perform countless essential functions. Virtually all the biochemical reactions that happen every second throughout the entire body occur inside cells. This is where enzymes, proteins, neurotransmitters and hormones are made. Inside the cell is where nutrients are utilized, and energy is produced. If a cell does not function, the metabolic processes necessary to sustain life are compromised. When cells are healthy and functioning optimally, a person is healthy. When cells are dysfunctional adverse conditions like weight gain, and even more serious conditions can manifest. **Saba Pomegranate Plus™** is carefully crafted with your body's intricate needs in mind. With each daily serving, you're helping fill in the nutritional gaps in your diet, so you can provide your cells

with the essential nutrients it needs to function optimally. You will get high-quality, essential vitamins, minerals, antioxidants, phytonutrients, coenzymes, digestive enzymes, carotenoids, adaptogens, and other nutrients that are typically hard to get from the average diet.

Experts believe oxidative stress has a number of undesirable effects on your body. You can't completely avoid oxidative stress. That's because it happens every time your cells are exposed to oxygen. When molecules inside cells come into contact with oxygen, it "oxidizes" them, causing them to lose an electron and become unstable. These unstable molecules can go on to damage cellular components like DNA and cell membranes. Oxidative stress is hard to completely avoid but you can limit its impact on your health through regular exercise, avoiding exposure to toxins in personal care and household products, limiting processed foods, eating more whole foods, especially fruits and vegetables, and supplementing with **Saba Pomegranate Plus™** daily. Unlike competing products, **Saba Pomegranate Plus™** contains adaptogens that help the body better

handle external and internal stressors. They enhance the body's ability to perform physically and increase energy and mental alertness. Russian scientist **Dr. Israel Brekhman** spent his lifetime and career studying adaptogens and how we can use them to prime and protect the body. With **Saba Pomegranate Plus™**, you can take some of Brekhman's best work and have the best adaptogens to take your health to the next level!

With **Saba Pomegranate Plus™**, you can take some of Brekhman's best work and have the best adaptogens to take your health to the next level!

Saba Pomegranate Plus™ also contains **AstaReal®** astaxanthin from the microalgae, *Haematococcus pluvialis*, a natural carotenoid that can be found in arctic marine environments. It is the most studied brand of astaxanthin in the world for the support of skin health, anti-aging, muscle endurance and recovery, cardiovascular function, mental clarity, brain health, and eye health.†
